ABOUT ME

I am a detail-oriented web developer with a strong foundation in React.js and a commitment to creating user-friendly applications. I thrive on enhancing user experience through collaboration and effective debugging techniques. My education in Artificial Intelligence and practical experience have equipped me with modern web technologies and teamwork skills.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, TypeScript, HTML5, CSS3, Responsive Design, Tailwind CSS

Backend: Node.js, Express, PHP, REST APIs, MySQL, MongoDB, Firebase

Other: SEO, Project Management, Debugging, Web Development, Git & GitHub

WORK EXPERIENCE

Web Developer Intern | Web Development Company, Tirupati (Sep 2024 - Feb 2025)

- Developed React.js applications with responsive design and clean, reusable components
- Collaborated on feature enhancements and debugging to resolve visual/logic issues

Freelance Web Developer | Self Employed (Feb 2025 - Present)

- Designed and developed responsive, user-centric client websites
- Built database setups, custom components, and optimized application performance & SEO

KEY PROJECTS

- JPR Infracore: Building a modern full-stack construction website with complete admin dashboard
- Sri Hari Homestays: Responsive booking platform with instant WhatsApp integration and SEO
- Kiritara Resorts: Scalable custom booking dynamic platform with premium polished interfaces
- Idika Stays: Immersive eco-themed farmhouse showcase designed with dynamic sliders
